

Solving Water Around the World

Xylem Watermark Improves Access to Water and Education on Water Issues

Committed to our mission. Xylem Watermark, our corporate citizenship and social investment program, has a twofold mission: provide and protect safe water resources for communities in need, and educate people about water issues. In a world where more than 844 million people lack access to safe drinking water, and 2.3 billion lack basic sanitation*, we're using our expertise and technologies to make a difference.

Focused on urgent needs.

We work to create measurable results in three key areas:

School and community projects, providing safe water, sanitation, and hygiene (WASH) education to students, teachers and families

Disaster response, delivering water in the aftermath of emergencies

Disaster risk reduction, securing water in vulnerable areas

*Source: UNICEF/WHO

Collaborating with best-in-class nonprofits.

Beyond our focus areas, Watermark addresses a wide range of water challenges by offering nonprofit organizations financial support, water technology, sanitation equipment and hygiene education. Our signature partners include:

Water tower projects & sanitation & hygiene education

Emergency response & disaster risk reduction

School projects in China

School & community projects

World Water Monitoring Challenge™

Water cistern projects & sanitation & hygiene education in Brazil

Involving our employees.

We amplify the impact of Watermark through our employee engagement program. Their volunteer work and financial contributions advance our sustainable solutions.

VOLUNTEER HOURS

In 2017, employees from Xylem logged more than 35,000 volunteer hours in activities aimed at providing and protecting safe water resources and educating people about water, sanitation, and hygiene. Xylem Watermark last year launched a service-focused employee engagement program in support of this mission with a goal of logging 100,000 volunteer hours in three years. Over the past two years, employees have logged more than 56,000 hours in water related activities that took place in communities in which Xylem employees work and live.

Make your mark.
