

Virtual DREDGEPACK and Volumes Training Courses

November 7 - 10, 2023

The DREDGEPACK course will be held November 7 - 8 and will concentrate on the basics of dredging using DREDGEPACK® Software applications for various dredge types.

The Volumes course will be held November 9 - 10 and will provide instruction in calculating volumes using the volume computation methods available in HYPACK®.

Each course can be taken separately, or they can be taken together at a discounted rate as listed below. Additional details and meeting information will be sent to participants closer to the start date.
