

Watermark Watershed Bingo Challenge

Let's educate ourselves and others and take action to preserve our precious water resources! Plogging is just one of many ways to protect your watershed.

Are you up for the challenge? Grab a trash bag, a shovel, or even your phone, and get started in the Watermark Watershed Bingo Challenge. Click on a square for more information.

Don't forget to share photos and stories on social media with **#WatershedMoment** and **#XylemWatermark**.

For questions contact xylemwatermark@xylem.com.

W	A	T	E	R
Research your own watershed and any issues that might be affecting it	Get up to speed on plogging by watching this video 	Participate in an Invasive Species Removal Project	Plant a native species in partnership with a nonprofit or local park service	Bring a family member or friend on a plog with you
Spend a week without using any disposable plastic bottles	Find 5 plastic bottles while plogging (and recycle them!)	Go for a plog!	Do any of these activities with a colleague – in-person or virtually!	Learn how inspiring young people are protecting their watershed
Watch the Microplastics Webinar (Passcode: 208YPuW+)	Use River Runner Global to drop a raindrop on your community & see where it ends up	FREE SPACE	Conduct a home water audit and make a change to conserve your water use	Complete the Watershed Trivia Challenge
Fill a full trash bag with collected litter	Collect rainwater to use for watering plants	Find 5 cans while plogging (and recycle them!)	Spread the word! Teach someone new about plogging	Share a photo doing any of these activities to social media with #WatershedMoment
Sign a petition to protect a watershed – Search here or research your own	Use reusable bags on your next shopping trip	Test a local water source with students – OR donate a water testing kit to an underserved classroom	Comment your support on someone's #WatershedMoment post on Social Media	Participate in a Storm Drain labeling or clearing activity

For External Use – Challenge terms and conditions apply to non-Xylem employees
